I am interested in your therapy for anxiety and panic disorder which I have suffered from for a long time. (i.e. years)

I see you do research with the University of Calgary. Is there someone there I can speak with or is there a Calgary office I can contact? I would appreciate a phone number and address so I can set up an appointment.

I don't see anywhere where it says how I can purchase some of the product. I suppose it would be through your Calgary outlet. Are these drugs that you are selling new or natural? Are they expensive? Thank you for your help.

Dear Miles,

Thanks for your interest in our program. Although our primary university investigator is centered in Calgary, our office is not. To keep up with the growing demand for assistance with open trials on our program, we have established a support program for participants through "research assistants". My name is Autumn and I am not only a long term participant in the Synergy program, but I also work as a research assistant for the group. I can help you get started on the program, document your results, offer practical support or simply answer a few questions for you.

The supplement that has been designed for our program is all natural and based mainly on mineral supplementation. It is sold through the manufacturer in the United States. Our site is aimed at research, so we directly avoid "product promotion" however, all of the participants in the program use the very same supplement. The supplement costs most people about \$100 Canadian per month to maintain wellness, some are able to go lower, few have to stay on a heavier dose because of other interfering health factors.

If you need more information, feel free to leave me your phone number or continue contact by email. I will be happy to help you in any way that I can.

Sincerely,
Autumn Stringam
