Good morning Phil,
The week has ended, and I have not heard from you, so I assume you were unable to schedule the tripartite meeting (Inspectorate, NHPD, TPD) yet

As you can see from her reply, it would help us here to know what progress you are making.
.....can you update us?

Joan,

I see from various e-mails that you are putting together a response to Bonnie Kaplan regarding Synergy products. Just to let you know, Synergy has called my office, and has set up a call to speak to me today at 4:30. I will let you know the outcome of this conversation.

Let's continue to keep our communication open.
Phil
