Dear Dr. Mitchell:

Further to my correspondence of October 11, 2001,
regarding ongoing clinical trials with EM Power +, this is
to inform you that

the trial must be
terminated, and all study subjects must be notified. In
addition, the sponsor must ensure that these subjects are
assessed and their care is transferred to an appropriate
professional who can place them on standard therapy.

Yours sincerely,

Robert G. Peterson, MD, PhD, MPH
