Subject: SYNERGY Re: vitamins cure for ADD, ADHD, bi-polar disorder, etc.

Rod called a few days ago indicating that Stephan Anthony came across the border with what he claims was EM Power powder .

It appears this is occurring on a 2-3 week basis . Will this be followed -up with him to what this is being used for .. I do not know what quantities were involved . (not clear from Rod 's e-mail)

Also Marie forwarded the following for follow-up. This appears to be old news but may need follow-up regardless

Also Dennis I need to talk with you regarding the e-mail I sent to you on Monday from ATI . I had told them that the investigation was on hold pending In a meeting we had with ATI, Siddika , media etc . Siddika felt that no more trials were ongoing. We do not seem to have a statement from Synergy committing this yet and I understand Jean Saint-Pierres working with you regarding this part .

I need to respond to the question posed by ATI regarding the statement made by Synergy "about the investigation being concluded in their favour." (see Monday's e-mail ATI requests a response by tomorrow)

I 'll try calling at 8:30 your time or you can call me earlier if you are there.

Thx

...joan
