Chris B. Pascal,
Acting Director, Office of Research Integrity.

SUMMARY:

The Food and Drug Administration (FDA) denies Dr. Barry D. Garfinkel's request for a hearing and issues a final order under the Federal Food, Drug, and Cosmetic Act (the act) permanently debarring Barry D. Garfinkel, 2854 Glenhurst Ave., St. Louis Park, MN 55416, from providing services in any capacity to a person that has an approved or pending drug product application and offering him an opportunity for a hearing on the proposal. The proposal was based on a finding, under section 306(a)(2)(A) and (a)(2)(B) of the act, that Dr. Garfinkel was convicted of a felony under Federal law for conduct relating to the development, approval, and regulation of a drug product. Dr. Garfinkel requested a hearing in a letter dated February 16, 1995. However, Dr. Garfinkel has not submitted any information or analyses to justify a hearing. Dr. Garfinkel's failure to raise any issues of fact constitutes a waiver of his opportunity for a hearing and a waiver of any contentions concerning his debarment (21 CFR 12.22).

II. Findings and Order

Therefore, the Deputy Commissioner for Operations, under section 306(a) of the act and under authority delegated to him (21 CFR 5.20), finds that Barry D. Garfinkel has been convicted of a felony under Federal law for conduct relating to the development or approval of a drug product and for conduct relating to the regulation of a drug product under the act.

ADDRESSES: Application for termination of debarment to the Dockets Management Branch (HFA–305), Food and Drug Administration, 12420 Parklawn Dr., rm. 1–23, Rockville, MD 20857.

SUPPLEMENTARY INFORMATION:

I. Background

On November 19, 1993, the United States District Court for the District of Minnesota entered judgment against Barry D. Garfinkel for, among other counts, 3 counts of making a false statement in a matter within the jurisdiction of FDA, a Federal felony offense under 18 U.S.C. 1001. The basis for this conviction was Dr. Garfinkel's falsification of reports to conceal his failure to comply with the protocols of a clinical study of the drug Anafranil. Dr. Garfinkel's conviction was affirmed by the Eighth Circuit Court of Appeals on July 13, 1994.

As a result of this conviction, FDA served Dr. Garfinkel by certified mail on February 7, 1995, a letter proposing to issue an order under section 306(a) of the act (21 U.S.C. 335a(a)) permanently debarring him from providing services in any capacity to a person that has an approved or pending drug product application and offering him an opportunity for a hearing on the proposal. The proposal was based on a finding, under section 306(a)(2)(A) and (a)(2)(B) of the act, that Dr. Garfinkel was convicted of a felony under Federal law for conduct relating to the development, approval, and regulation of a drug product. Dr. Garfinkel requested a hearing in a letter dated February 16, 1995. However, Dr. Garfinkel has not submitted any information or analyses to justify a hearing. Dr. Garfinkel's failure to raise any issues of fact constitutes a waiver of his opportunity for a hearing and a waiver of any contentions concerning his debarment (21 CFR 12.22).

II. Findings and Order

Therefore, the Deputy Commissioner for Operations, under section 306(a) of the act and under authority delegated to him (21 CFR 5.20), finds that Barry D. Garfinkel has been convicted of a felony under Federal law for conduct relating to the development or approval of a drug product and for conducting or approving a drug product application by Richard Wolf Medical Instruments Corp.; Premarket Approval of the Hulka Clip® Tubal Occlusion Device and Applicator System

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing its approval of the application by Richard Wolf Medical Instruments Corp., Vernon Hills, IL, for premarket approval, under the Federal Food, Drug, and Cosmetic Act (the act), of the Hulka Clip® Tubal Occlusion Device and Applicator System. After reviewing the recommendation of the Obstetrics and Gynecology Devices Panel, FDA’s Center for Devices and Radiological Health (CDRH) notified the applicant, by letter of September 5, 1996, of the approval of the application.
