**SUPPLEMENTARY INFORMATION:**

**I. Background**

On September 28, 2006, the U.S. District Court for the Western District of Tennessee accepted George Kindness's guilty plea to one count of being aided and abetted in the introduction and delivery for introduction into interstate commerce of a misbranded drug with intent to defraud and mislead, a Federal felony offense under sections 301(a) and 303(a)(2) of the act (21 U.S.C. 331(a) and 333(a)(2)) and 18 U.S.C. 2. This offense was committed when Mr. Kindness, president, part-owner and laboratory director of Amcscot Medical Labs, Inc., manufactured and shipped a new drug for use in human beings for the treatment of cancer, without an investigational new drug application in effect.

As a result of this conviction, FDA sent Mr. Kindness by certified mail on September 7, 2007, a notice proposing to permanently debar Mr. Kindness from providing services in any capacity to a person that has an approved or pending drug product application including, but not limited to, a biologics license application. The proposal also offered Mr. Kindness an opportunity for a hearing on the proposal. The proposal was based on a finding, under section 306(a)(2)(A) and (c)(2)(A)(ii) of the act

(21 U.S.C. 335a(a)(2)(A) and (c)(2)(A)(ii)), that Mr. Kindness was convicted of a felony under Federal law for conduct relating to the development or approval, including the process for development or approval, of a drug product. Mr. Kindness was provided 30 days to file objections and request a hearing. Mr. Kindness did not request a hearing. Mr. Kindness's failure to request a hearing constitutes a waiver of his opportunity for a hearing and a waiver of any contentions concerning his debarment (21 CFR part 12).

**II. Findings and Order**

Therefore, the Director of the Center for Biologics Evaluation and Research, under section 306(a)(2)(A) of the act, and under authority delegated to the Director (FDA Staff Manual Guide 1410.35), finds that Mr. Kindness has been convicted of a felony under Federal law for conduct relating to the development or approval, including the process for development or approval, of a drug product.

As a result of the foregoing finding, Mr. Kindness is permanently debarred from providing services in any capacity to a person with an approved or pending drug product application (section 306(c)(1)(B) of the act). A drug product means a drug, including a biological product, subject to regulation under sections 505, 512, or 802 of the act (21 U.S.C. 355, 360b, or 382), or under section 351 of the Public Health Service Act (42 U.S.C. 262). Any person with an approved or pending drug product application including, but not limited to, a biologics license application, who knowingly employs or retains as a consultant or contractor, or otherwise uses the services of Mr. Kindness, in any capacity, during Mr. Kindness's permanent debarment, will be subject to civil money penalties (section 307(a)(6) of the act (21 U.S.C. 335b(a)(6))). If Mr. Kindness, during his permanent debarment, provides services in any capacity to a person with an approved or pending drug product application including, but not limited to, a biologics license application, Mr. Kindness will be subject to civil money penalties (section 307(a)(7) of the act). In addition, FDA will not accept or review any abbreviated drug applications submitted by or with the assistance of Mr. Kindness during Mr. Kindness's permanent debarment (section 306(c)(1)(B) of the act).

Any application by Mr. Kindness for termination of debarment under section 306(d)(4) of the act should be identified with Docket No. FDA-2007-N-0474 (formerly Docket No. 2007N-0292) and sent to the Division of Dockets

Management (see **ADDRESSES**). All such submissions are to be filed in four copies (§ 10.20(a) (21 CFR 10.20(a))). The public availability of information in these submissions is governed by § 10.20(j). Publicly available submissions may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday (§ 10.20(j)(1)).

**SUPPLEMENTARY INFORMATION:****I. Background**

On August 4, 2005, the U.S. District Court for the Western District of Tennessee accepted Dr. Roy Page's guilty plea to one count of introduction and delivery for introduction into interstate commerce of a misbranded drug with the intent to mislead the FDA, a Federal felony offense under sections 301(a) and 303(a)(2) of the act (21 U.S.C. 331(a) and 333(a)(2)). This offense was committed when Dr. Page shipped tumor tissue and blood samples to Amscot Medical Laboratories, Inc., for manufacture of a new drug for the treatment of cancer in human beings without an investigational new drug application in effect.

As a result of this conviction, FDA sent Dr. Page by certified mail on September 7, 2007, a notice proposing to permanently debar Dr. Page from providing services in any capacity to a person that has an approved or pending drug product application including, but not limited to, a biologics license application. The proposal also offered Dr. Page an opportunity for a hearing on the proposal. The proposal was based on a finding, under section 306(a)(2)(A) and (c)(2)(A)(ii) of the act (21 U.S.C. 335a(a)(2)(A) and (c)(2)(A)(ii)), that Dr. Page was convicted of a felony under Federal law for conduct relating to the development or approval, including the process for development or approval, of a drug product. Dr. Page was provided 30 days to file objections and request a hearing. Dr. Page did not request a hearing. Dr. Page's failure to request a hearing constitutes a waiver of his opportunity for a hearing and a waiver of any contentions concerning his debarment (21 CFR part 12).

**II. Findings and Order**

Therefore, the Director of the Center for Biologics Evaluation and Research, under section 306(a)(2)(A) of the act, and under authority delegated to the Director (FDA Staff Manual Guide 1410.35), finds that Dr. Page has been convicted of a felony under Federal law for conduct relating to the development or approval, including the process for development or approval, of a drug product.

As a result of the foregoing finding, Dr. Page is permanently debarred from providing services in any capacity to a person with an approved or pending drug product application (section 306(c)(1)(B) of the act). A drug product means a drug, including a biological product, subject to regulation under sections 505, 512, or 802 of the act (21 U.S.C. 355, 360b, or 382), or under

section 351 of the Public Health Service Act (42 U.S.C. 262). Any person with an approved or pending drug product application including, but not limited to, a biologics license application, who knowingly employs or retains as a consultant or contractor, or otherwise uses the services of Dr. Page, in any capacity, during Dr. Page's permanent debarment, will be subject to civil money penalties (section 307(a)(6) of the act (21 U.S.C. 335b(a)(6))). If Dr. Page, during his permanent debarment, provides services in any capacity to a person with an approved or pending drug product application including, but not limited to, a biologics license application, Dr. Page will be subject to civil money penalties (section 307(a)(7) of the act). In addition, FDA will not accept or review any abbreviated drug applications submitted by or with the assistance of Dr. Page during Dr. Page's permanent debarment (section 306(c)(1)(B) of the act).

Any application by Dr. Page for termination of debarment under section 306(d)(4) of the act should be identified with Docket No. FDA-2007-N-0488 (formerly Docket No. 2007N-0291) and sent to the Division of Dockets Management (see **ADDRESSES**). All such submissions are to be filed in four copies (§ 10.20(a) (21 CFR 10.20(a))). The public availability of information in these submissions is governed by § 10.20(j).
