Re: Your Client, Dr. Henry Heimlich

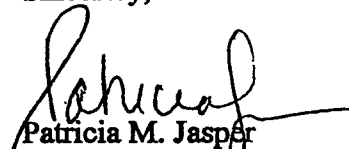

Dear Mr. Dehner:

This is in response to Dr. Henry Heimlich's letter to me of December 16, 2002.

Please thank Dr. Heimlich for forwarding to us the materials included in his December 16<sup>th</sup> letter. We were not aware of those materials, and would appreciate his forwarding to us any additional materials that he may have that relate to the activities of any UCLA researchers in malariotherapy research.

As requested by Dr. Heimlich, copies of his December 16<sup>th</sup> letter have been forwarded to those who also received a copy of my December 2, 2002, letter to him.

Sincerely,

  
Patricia M. Jasper  
Campus Counsel
