Dear Dr.

Dr. Stephen Elsasser, Chairman of the ACAM IRB, has given you temporary approval of your Chelation Protocol which you recently sent him. Your protocol will be discussed at the next ACAM IRB meeting in November 1994, and final approval will be given at that time by the board members if everything is correct.

Fifteen copies of your protocol will need to be sent to me no later than six weeks prior to the ACAM meeting in November.

You do not need to send the \$250 to ACAM at this time. That will need to be sent after you get final approval.

If you have any further questions, please give me a call.

Sincerely yours,

Rhonda Diehl
ACAM IRB Secretary
