I am aware that you personally have close ties to Dr. Polevoy and his merry crew according to the information currently available to me.

Are you aware of the legal problems that your colleagues in the Strauss, TrueHope, BIE Health Products and now Freedom of Choice in Health Care Inc are facing [see Exhibits 1, 2, 3, 4, 5, 6, 7 8. 9, 10, 11, 12 and 13]?

We will do everything possible via civil and criminal initiatives to try and take your job, pension, home and freedom from you, if we can prove that you have been acting illegally.

It is your duty as a criminal investigative officer that is publicly funded, to respond to our written correspondence on behalf of our legal client. To do otherwise creates a serious risk to you and those depending on you.
